

European Society of  
Oncologic Imaging

## Call for Membership

The year 2012 has just started and the recently founded **European Society of Oncologic Imaging** is already very enthusiastic about their upcoming new tasks and new challenges.

It goes without saying that every society is based on a solid support by its members. Thus we are very much looking forward for your commitment to become an active member of the society, representing oncologic imaging within the broad and multifaceted field of radiology.

**Be me an active member of the European Society of Oncologic Imaging now!**

Yours sincerely

*Dr. Anno Graser*

ESOI President
